

Fox 2 Sierra Capability Statement

Company Overview

- Fox 2 Sierra is a veteran-owned integrated security and emergency preparedness firm.
- We help houses of worship, schools, community centers and commercial facilities become safer by combining the best of both worlds.
- Our asset-light approach and strong partner network deliver rapid deployment, high margins and scalable operations.

Core Capabilities

- Situational awareness & emergency preparedness training (active shooter, Stop the Bleed, CPR)
- Comprehensive risk assessments & security audits aligned with DHS and FEMA guidelines
- Integration of cameras, sensors, access control & communications into cohesive solutions
- Rapid deployment enabling national reach and scalable operations
- Coordination with law enforcement, A.S.E.S.S. boards and local governments across multiple states

Differentiators

- Veteran-led leadership team with decades of military, security and corporate experience
- Deep relationships with houses of worship, schools and law enforcement nationwide
- Rapid growing pipeline of projects across the United States; trusted by police departments & community leaders
- Integrated approach combining advanced technology and hands-on training for higher security and readiness

Contract Vehicles & Benefits

- GSA MAS 84 – simplifies acquisition of security products and services for government agencies
- 8(a)/Sole-Source Teaming – provides direct procurement channels through our certified partner network
- Other Transaction Agreements (OTAs) – enable flexible, non-traditional procurement for prototyping and innovation
- BPAs & IDIQs – recurring services with pre-negotiated terms, reducing administrative burden

Certifications & NAICS Codes

- Licensed Private Security Contractor in Texas (DPS / PSB); pursuing 8(a) certification via partner network
- NAICS codes: 561612 (Security Guards & Patrol Services), 611699 (Miscellaneous Schools & Instruction), 541810 (Security Consulting Services)
